| Friday, May 3 | History | 3 hour delay |

This is an incredibly important week...please get as much rest as possible and do your best on these tests that are part of your graduation requirement. We created this schedule to give you the best testing environment possible...please be sure to attend and test on the days you are scheduled. A few more notes:

- Bus schedule does not change
- Students who ride the bus on days they don't test will remain in the gym during the delayed start
- Students need to be at school at 'normal time' on days they test
- The 2 hour delay schedule is the same one we use for weather delays
- The 3 hour delay schedule uses the same times as the 2 hour delay, but starts at 10:30 instead of 9:30.
- Students who have early release will need to adjust their work schedule or bring a note from their employer
