September 2, 2021

Dear Carrollton School Community,

The Carrollton Exempted Village School District has been closely monitoring COVID-19 in our community in collaboration with the Carroll County Health Department. As of today, we have experienced more positive COVID-19 within our school district. In addition, our attendance rates are far below minimum expectations.

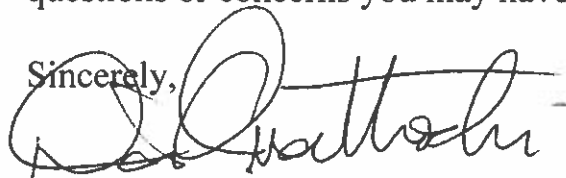

Our top priority remains keeping children in school, involved in school based activities and keeping our school doors open for traditional learning. At this time, we must take additional measures to ensure our children have the opportunity to participate in in-person learning.

**Effective Tuesday, September 7th, all students and staff in grades preschool through 12 will be required to wear face coverings while indoors for both school and extracurricular events.**

Our goal to start the year was to give family and individual choice. We had a desire to make face covering optional for all. Our current school and community data demonstrates the need to adjust at this time. **We will reconsider our mask policy the last week of September based on community and school data.**

Please perform home health checks on your children each day and do not send them to school if they demonstrate symptoms of COVID-19. I am very proud and appreciative of our students, staff and families as everyone has navigated through a very challenging first few weeks of school. This storm shall pass and we will preserve together as a district! Please reach out to school administration with any questions or concerns you may have.

Sincerely,

Dr. David Quattrochi, Superintendent
